

UH-1 Huey / AH-1 Cobra Platform Support

Simtech is the stocking distributor for the KSP6099-1 Bearing manufactured by Kamatics.

COMPANY HISTORY

Founded in 1988, Simtech's focus is supplying military spare parts to allied governments, the United States Government, and maintenance centers.

Simtech has distribution agreements with OEMs, including Kamatics, Collins Aerospace, Curtiss-Wright Controls, Honeywell and Woodward. In addition, Simtech represents and has strong, long-term commercial relationships with many second and third-tier manufacturers.
